

Dax (Dec 08) intraday: correction in sight

Pivot: 5625

Our Preference: SHORT positions below 5625 with 5353.5 & 5321.5 in sight.

Alternative scenario: The upside breakout of 5625 will open the way to 5686 & 5750.

Comment: The contract is close to a strong resistance area.

Trend: ST Limited decline; MT Bearish

IMPORTANT INFORMATION & RISK WARNINGS

Technical analysis studies market psychology, price patterns and volume levels. It is used to forecast future price and market movements. Technical analysis is complementary to fundamental analysis and news sources.

The information in this document has been obtained from or is based upon sources believed to be reliable but is not guaranteed as to accuracy or completeness although it is believed to be fair and not misleading. The use and interpretation of this newsletter requires financial skill and judgement.

This newsletter is issued by Société Générale ("SG"). The views expressed in this newsletter are those of Trading Central (www.tradingcentral.com). This newsletter is provided to you for your own personal use. You are not authorised to reproduce the information and commentaries contained in this newsletter for any commercial purpose or to copy, reproduce, duplicate, redistribute, sell, resell or exploit any portion of this newsletter. All copyright and/or other intellectual property or proprietary rights in the newsletter shall remain the sole and exclusive property of Trading Central.

Nothing in this newsletter constitutes advice on the merits of buying or selling a particular investment or exercising any right conferred by the warrants described and SG does not offer investment advice in respect of these products.

Warrants are not suitable for everyone. You should not deal in warrants unless you understand their nature and the extent of your exposure to risk. You should be satisfied that they are suitable for you in the light of all your circumstances and financial position. Information given about the past performance of warrants or the securities underlying them is no guarantee of future performance. The value of warrants may be exposed to fluctuations in rates of exchange, and these may have an adverse effect on the value or price of the warrant. The value of warrants can go down as well as up. Any returns referred to in this newsletter are illustrative only and do not constitute projections of expected returns unless expressly specified as such. Where any warrant is based on an index, the index provider will have no liability to you in respect of its activities in respect of that index.

Any decision you make regarding a possible purchase of warrants is your sole responsibility and liability. If you are in any doubt you should consult an appropriately qualified financial adviser. SG and Trading Central hereby exclude all legal liability directly or indirectly arising in respect of the utilisation of the information in this newsletter to the fullest extent permissible by law and consequential and economic loss is excluded without limitation.

SG and our affiliated companies within the Société Générale Group may from time to time have a position, or material interest in the warrants described in this newsletter or the investments underlying them and may have provided advice to the companies underlying them. Société Générale SA, who is member of Stockholmsbörsen, will be the only market maker in the warrants mentioned.
